

How to become a SOIL member?

info

If you're interested in becoming a SOIL member, you can start a one-year

trial membership.

This way we all have the chance to get to know each other and find out if we're a good fit!

After your trial membership, you can become a **full member.**

As a trial member you are invited to take part in SOIL activities such as:

 **Children's activities:** You can assist in an existing activity (if support is needed), or develop your own idea. If the group agrees, you can then offer your very own SOIL activity.

 **Working actions:** About once a month, we come together for building, repairing or cleaning work to keep improving the spaces we use. And we are always glad for more helping hands!

 **SOIL meetings:** Every few months, we gather to discuss and decide on important matters. As a trial member, you do not yet have a vote in decisions, but you are very welcome to join the discussions and share your perspective with us!

Feel free to reach out!
